This Additional Investment Form

This Form accompanies the relevant Product Disclosure Statement and the Additional Information Booklet (collectively a PDS) or Information Memorandum (IM), offering units in the relevant Pental fund. If a PDS applies to your investment, this Form also accompanies the Target Market Determination (TMD) for the Pental fund. You should read the current PDS (and the TMD) or IM for the Pental fund into which you are investing before making an investment into the fund. Call us directly or visit our website to obtain the PDS or IM for the fund. The TMD for the relevant Pental fund can also be obtained at pendalgroup.com/ddo. If the PDS applies to your investment in the Pental fund, the TMD describes the consumer attributes for whom the Pental fund is designed. By completing and submitting this Form, you represent and warrant to Pental that your investment is consistent with the TMD for the Pental fund and that there have been no changes to your investment objectives, financial situation and needs since making your initial investment in the fund. If there have been changes to any of your circumstances that may impact whether the Pental fund continues to remain appropriate for you, or if you have any questions relating to the TMD, please contact us.
