

## Additional Information to the Product Disclosure Statement

# Pendal Horizon Fund

APIR Code: RFA0025AU

Issued 15 March 2021

### Read this

The information in this document forms part of the Product Disclosure Statement for the Pendal Horizon Fund (Fund) dated 15 March 2021 (PDS). You should read this information together with the PDS before making a decision to invest into the Fund. This additional information is general information only and does not take into account your personal financial situation or needs.

## 1. Restrictions on withdrawals

There may be circumstances where your ability to withdraw from the Fund is restricted. The following text contains further information on restrictions on withdrawals and should be read in conjunction with the PDS.

If the Fund is illiquid (as defined in the Corporations Act), withdrawals from the Fund will only be possible if we make a withdrawal offer in accordance with the Corporations Act. We are not obliged to make such an offer. However, if we do, you are only able to withdraw your investment in accordance with the terms of a current withdrawal offer. If an insufficient amount of money is available from the assets specified in the withdrawal offer to satisfy withdrawal requests, the requests will be satisfied proportionately amongst those investors wishing to withdraw from the Fund. Under the Corporations Act, a trust is illiquid if it has less than 80% liquid assets (generally cash and marketable securities).

The constitution of the Fund also contains specific provisions that provide us with powers in relation to withdrawals. The specific provisions in the constitution are summarised below.

Provision	Explained
Payment of withdrawals by transfer of assets	We may transfer assets to you rather than pay cash in satisfaction of all or any part of your withdrawal request. The market value of the assets (together with any cash paid to you) must be of equal value to the total amount of your withdrawal. We may require you to pay for the costs involved in the transfer of the assets or we may deduct such costs from the amount payable to you.
Suspension of withdrawals	<p>We may suspend withdrawal requests at any time and for such period as we consider appropriate in the circumstances. We can only do so if we reasonably believe that we cannot accurately determine the current value of the Fund because there is a closure or restriction on trading in the relevant foreign exchange market or on any exchange on which assets may be traded, a moratorium has been declared in a country in which the Fund has assets, or if the realisation of assets cannot be effected at prices which would be obtained if the assets were realised in an orderly fashion over a reasonable period in a stable market.</p> <p>Where we suspend withdrawal requests, we must determine the exit price of all outstanding withdrawals and any withdrawal requests received by us during the suspension on the first Business Day after we lift the suspension.</p>

## 2. Indirect investors

The following text contains further information on indirect investors and should be read in conjunction with the PDS.

An investment in the Fund offered under the Fund's PDS through a master trust or wrap account does not entitle you to a direct interest in the Fund.

This means that the rights that apply to a person who invests directly in the Fund are not available to indirect investors but rather, to the operator or custodian of the master trust or wrap account. The operator or custodian of the master trust or wrap account will be recorded in the register as the investor and will be the person who exercises the rights and receives the benefits of an investor.

Persons who invest through a master trust or wrap account may be subject to different conditions from those referred to in the PDS, particularly in regard to:

- how to transact on your investment (initial and additional investments and withdrawals are determined by the master trust or wrap account operator);
- cooling-off period and rights (no cooling-off rights apply to any investments in the Fund acquired through a master trust or wrap account operator);
- timing of distributions, withdrawals and the processing of transactions are determined by the master trust or wrap account operator;
- cut-off times for transacting (e.g. applications and withdrawals) are determined by the master trust or wrap account operator;
- fund reporting and other documentation including notices about fee increases and other significant events (Fund reports and investor notices are sent to the master trust or wrap account operator who then provide this information to indirect investors);
- fees and other costs (additional fees and expenses may be charged by the operator or custodian of the master trust or wrap account).

Investors in the master trust or wrap account should contact their financial adviser or master trust or wrap account operator for any investor queries.

## 3. Additional information on how we invest your money

The following text contains the Fund's investment strategy including how we take labour standards and environmental, social and ethical considerations into account when selecting, retaining or realising investments of the Fund and should be read in conjunction with the PDS.

In managing the Fund, we avoid investing in companies which:

Fossil Fuels	<ul style="list-style-type: none"><li>– directly undertake fossil fuel exploration or extraction (specifically, coal, oil and gas); or</li><li>– earn more than 10% of their revenue from fossil fuel-based power generation, or from fossil fuel refinement or distribution (coal, oil and gas); or</li><li>– earn more than 10% of their revenue from the provision of supplies or services which relate specifically to the fossil fuel exploration or production industries (coal, oil and gas)</li></ul>
Uranium	<ul style="list-style-type: none"><li>– directly undertake uranium mining for weapons or power generation; or</li><li>– earn more than 10% of their revenue from nuclear energy-based power generation</li></ul>
Logging	<ul style="list-style-type: none"><li>– earn more than 10% of their revenue from unsustainable forestry or forest products, including non-Forest Stewardship Council certified forest products or non-Roundtable on Sustainable Palm Oil certified palm oil production</li></ul>
Gambling	<ul style="list-style-type: none"><li>– directly manufacture, own or operate gambling facilities, gaming services or other forms of wagering; or</li><li>– earn more than 10% of their revenue from the indirect provision of gambling (for example, through telecommunications platforms)</li></ul>
Pornography	<ul style="list-style-type: none"><li>– produce pornography; or</li><li>– earn more than 10% of their revenue from the distribution or retailing of pornography</li></ul>

Weapons	<ul style="list-style-type: none"> <li>– produce or distribute controversial weapons (such as cluster munitions, landmines, biological and chemical weapons), or supply goods or services specifically relating to controversial weapons; or</li> <li>– produce or distribute non-controversial weapons or military equipment; or</li> <li>– produce or distribute civilian firearms, or supply goods or services specifically related to firearms to firearm manufacturers</li> </ul>
Alcohol	<ul style="list-style-type: none"> <li>– produce alcoholic beverages; or</li> <li>– earn more than 10% of their revenue from the distribution or retailing of alcoholic beverages</li> </ul>
Tobacco	<ul style="list-style-type: none"> <li>– produce tobacco (including e-cigarettes and inhalers); or</li> <li>– earn more than 10% of their revenue from the distribution of tobacco (including e-cigarettes and inhalers) or supply of goods or services specifically related to the tobacco industry (for example, packaging or promotion)</li> </ul>
Animal Testing	<ul style="list-style-type: none"> <li>– directly undertake animal testing for cosmetic products</li> </ul>
Predatory Lending Practices	<ul style="list-style-type: none"> <li>– directly provide products or services with lending practices that are unfair or deceptive to ordinary borrowers, including small amount short term loans at higher than commercial rates of interest (for example, payday loans, pawn loans or the use of aggressive sales tactics)</li> </ul>
Breaches/misconduct	<ul style="list-style-type: none"> <li>– we consider to have been found to have significant breaches of social or environmental norms or regulations, or are subject to serious and substantiated allegations of unethical conduct, which we consider have not been remedied or adequately addressed.</li> </ul>

All reasonable care has been taken to implement the Fund’s exclusionary screens to meet the criteria described above. We draw on internal and supplementary external research, believed to be accurate, to determine whether a company is subject to the exclusionary screens. We regularly monitor compliance by the Fund’s holdings with the exclusionary screens. If we discover an investment no longer meets our criteria, we will divest the holding as soon as practicable. However, as the nature and conduct of businesses may change over time, and publicly available financial or other information is not always comprehensive or up to date, we do not guarantee that the Fund will meet all of these criteria at all times.

The Fund’s compliance with its investment guidelines is reviewed regularly (usually monthly, but this timeframe is not fixed). If our review process identifies that an investment ceases to comply with the investment guidelines for the Fund, the investment will usually be sold as soon as is reasonably practicable, having regard to the interests of investors (but this may vary on a case by case basis).

The sustainability criteria and exclusionary screens applied to the Fund’s investments may exclude some companies from the investable pool of the Fund’s portfolio. For this reason the Fund’s performance may vary when compared to other funds that are able to invest in these companies. This risk should be considered when deciding whether to invest in the Fund.

## 4. Additional information about fees and costs

The following section provides further details about fees and other costs that you may be charged for investing in the Fund along with further information about the additional fees and costs that could apply to your investment. This information should be read in conjunction with the PDS

Type of Fee or Cost <sup>1</sup>	Amount	How and when paid
<b>Fees when your money moves in or out of the Fund</b>		
<b>Establishment fee</b> The fee to open your investment	Nil	Not applicable
<b>Contribution fee</b> The fee on each amount contributed to your investment	Nil	Not applicable
<b>Withdrawal fee</b> The fee on each amount you take out of your investment	Nil	Not applicable
<b>Exit fee</b> The fee to close your investment	Nil	Not applicable
<b>Management costs</b>		
The fees and costs for managing your investment	At the date of this PDS, management costs consist of the following components:	
	Issuer fee	0.95% pa The issuer fee is paid from the assets of the Fund and reflected in the unit price of your investment. The fee is calculated on the value of the Fund daily and paid to us after the end of each month.
	Estimated expense recoveries <sup>2</sup>	Nil Expenses are generally reimbursed to us out of the assets of the Fund after the end of each month.
	Estimated indirect costs <sup>3</sup>	Nil Reflected in the unit price of the Fund and are not charged to you as a fee or retained by us.
	<b>Estimated total management costs<sup>4</sup></b>	<b>0.95% pa</b>
<b>Service fees</b>		
<b>Switching fee</b> The fee for changing investment options	Nil	Not applicable

1 Fees in this PDS can be individually negotiated if you are a wholesale client under the Corporations Act.  
 2 At the date of this PDS, we pay recoverable expenses (if any, excluding any GST payable on our fees) out of our issuer fee. However, if we decide to deduct expenses in addition to the issuer fee in the future, we will give you 30 days' written notice.

3 This is an estimate of the Fund's indirect costs for the last financial year.  
 4 The actual total management costs may vary from this estimate.

## Additional explanation of fees and costs

### **Transactional and operational costs**

Transactional and operational costs such as brokerage, bid-offer spreads on securities traded, settlement costs, clearing costs and government charges may be incurred as a result of changes in a Fund's investment portfolio either in relation to implementing the Fund's investment strategy or investors entering or exiting the Fund.

Transaction costs that are incurred in relation to investors entering or exiting the Fund are recouped via the Fund's buy-sell spread (being the difference between the Fund's entry and exit unit prices).

For the last financial year, the estimated total transactional and operational costs for the Fund were 0.36%. Of this amount, we estimate 0.19% was recouped via the buy-sell spread and 0.17% reduced the return of the Fund. These costs may vary from year to year depending on the transactional or operational costs in implementing the Fund's investment strategy and/or investors entering or exiting the Fund.

When a Fund incurs transactional and operational costs these are paid out of the Fund's assets and reflected in its unit price and are not charged to you as an additional fee or cost.

### **Indirect investors – additional master trust or wrap account fees**

For indirect investors accessing the Fund through a master trust or wrap account, additional fees and costs may apply. These fees and costs are stated in the offer document provided by your master trust or wrap account operator.

### **Product access payments and fund manager payments**

From the fees we receive, we may pay product access payments (as a flat dollar amount each year) to wrap platforms, master trusts or other investment administration services (**Platforms**) for making the Fund available on their investment menus.

The amount of these payments may change during the life of the PDS. As these amounts are paid by us out of our own resources, they are not an additional cost to you.

### **Rebates/waivers for interfunding arrangements**

The Fund may invest from time to time in other funds that we, or a related entity, manage (**related fund**). Our current policy is:

- no contribution fee is payable to the related fund;
- issuer fees are either not collected by the related fund or if they are, they are rebated in full to the Fund; and
- where the related fund charges expense recoveries outside the issuer fee, these will also be rebated to the Fund.

However, we may change these arrangements at any time, in which case, we will give investors 30 days' notice.

### **Ability to negotiate fees – wholesale investors**

If you are classed as a wholesale investor (such as a professional investor) under the Corporations Act, in accordance with ASIC policy, all fees described in this PDS may be individually negotiated. There is no set manner or method of negotiating fees. Please contact our Client Services team for further information.

## **Fees paid to financial advisers and other persons**

### **Direct remuneration**

Pendal does not pay commissions to financial advisers who provide financial product advice to retail investors.

### **Non-monetary benefits**

We may make non-monetary payments or benefits (including sponsorships, gifts and entertainment) to financial advisers, dealer groups and platform providers who provide financial product advice to retail investors where those payments are less than \$300 or are given in relation to providing information technology support or software used for professional development, or for genuine educational and training purposes.

If these amounts or benefits are provided, they are payable out of the fees and costs we are entitled to receive and are not an additional cost to you.

### **Register of non-monetary benefits**

We maintain a register that outlines all of the non-monetary payments or benefits that we make to financial advisers, dealer groups and platform providers or receive from them with a value between \$100 to \$300.

You can obtain a copy of this register by contacting our Client Services team.

### **Incidental fees and costs**

Standard Government fees, duties and bank charges may also apply to your investments and withdrawals including dishonour fees and conversion costs.

## **5. How managed investment schemes are taxed**

### **Taxation**

Investing in the Fund is likely to have tax consequences. Before investing in the Fund, you should obtain professional tax advice about the Australian tax consequences applicable to you, and if appropriate, any foreign tax consequences that may apply to you based on your particular circumstances.

The taxation information contained in this document reflects Australian tax laws and their interpretation as at the date of issue of this document.

### **Attribution Managed Investment Trust (AMIT) Regime**

The AMIT tax regime is designed specifically for managed funds, to provide certainty and flexibility to managed funds and their investors.

We have elected that the Fund be an AMIT.

As an investor in the Fund, you will be taxed on the income of the Fund that has been attributed to you on a 'fair and reasonable basis' for each financial year that the Fund qualifies as an AMIT.

The AMIT Member Annual (AMMA) statement provided to you after the end of the financial year will set out the details of taxable income that has been attributed to you.

### **Taxation of the Fund**

We intend to manage the Fund so that the Fund is not subject to Australian tax.

We do not expect the Fund to be subject to tax on the income of the Fund (other than in relation to withholding tax on foreign income or other taxes in respect of non-resident investors) as we intend that:

- when the Fund is an AMIT: all taxable income of the Fund will be 'attributed' to investors on a 'fair and reasonable' basis in each financial year and be reflected in the AMMA statement provided to investors; and
- when the Fund is not an AMIT : investors will continue to be presently entitled to all the net income of the Fund in each financial year and an investor's share of the net taxable income of the Fund will be reflected in the tax statement provided to the investor.

While the Fund is an AMIT, we have the discretion to accumulate income (instead of, or in addition to, distributing income to investors), and if we do so, the accumulated income will be reflected in the Fund's unit price. Our policy is generally to distribute the net income of the Fund (including net realised capital gains) for each financial year to investors.

If you disagree with our attribution of taxable income, you may write to the Commissioner of Taxation within 4 months of the end of the relevant income year. You will be required to provide us with a copy of this submission at the same time.

#### **Taxation of Financial Arrangements (TOFA)**

Broadly, the TOFA rules may affect the time at which gains and losses from financial arrangements are recognised for income tax purposes, including whether the gains and losses are recognised on an accruals rather than realisation basis or whether the gains and losses are on revenue account. The Fund should be subject to the TOFA rules and depending on the types of financial arrangements it holds, it may be required to recognise gains and losses from these financial arrangements on an accruals basis.

Individuals should not be directly subject to TOFA in respect of their investment, unless they have elected for the TOFA rules to apply.

Other investors may be directly subject to the TOFA rules in respect of their investment. Prospective investors should seek their own advice in relation to the potential applicability of TOFA in respect of their particular circumstances.

#### **Withholding taxes**

The Fund may derive income from foreign sources which is subject to foreign withholding taxes in those jurisdictions. Such taxes may be reduced under tax treaties which may exist between Australia and the respective foreign jurisdiction. The benefit of foreign taxes paid by the Fund will be attributed/ allocated to investors as foreign tax credits to the extent permitted by Australian tax laws.

#### **Foreign Account Tax Compliance Act (FATCA) and Common Reporting Standard (CRS)**

##### **Foreign Tax Residency Information**

We are required to identify tax residents of a country or countries other than Australia in order to meet account information reporting requirements under domestic and international laws.

If at any time after account opening, information in our possession suggests that you, or the entity or any individual who holds ownership and/or control in the entity of 25% or more (Controlling Person), may be a tax resident of a country or countries other than Australia, you may be contacted to provide further information. Failure to respond may lead to certain reporting requirements applying to the account.

A Controlling Person refers to the individual(s) that directly or indirectly own a legal interest in the entity of 25% or more and/ or exercises actual effective control over the entity, whether from an economic or other perspective such as through voting rights. Where no individuals are identified as exercising control of the entity through ownership interests, the Controlling Person of the entity is deemed to be the individual(s) who hold the position of senior managing official. In the case of a trust, a Controlling Person includes the settlor(s), trustee(s), appointer(s), protector(s) or classes of beneficiaries and in the case of an entity other than a trust, the term includes persons of equivalent or similar positions.

#### **Quoting your Tax File Number (TFN) or Australian Business Number (ABN)**

Investors are not obliged to provide us with their TFN or ABN (if applicable), but if you are an Australian resident for tax purposes and you do not provide either, and do not claim a valid exemption, we are required to deduct tax from distributions that are paid as cash, reinvested or amounts attributed to you, at the highest marginal tax rate, plus the Medicare levy and other applicable levies.

Australian companies and other entities that invest in the course or furtherance of their registered business may provide us with their ABN instead of their TFN.
