1. About Pental Fund Services Limited

PENTAL

The future is worth investing in

Pental Fund Services Limited is the responsible entity for the Pental Managed Cash Fund (Fund). As responsible entity, it is responsible for overseeing the operations of the Fund.

Pental Institutional Limited is the investment manager of the Fund. As the investment manager, it selects and manages the assets of the Fund and may appoint other managers to manage some or all of the Fund's assets.

Pental Fund Services Limited and Pental Institutional Limited (together **Pental**) will be wholly owned subsidiaries of Perpetual Limited from on or around 23 January 2023.

Pental is a global investment management firm focused on delivering superior investment returns for its clients through active management.

Pental offers investors a range of Australian and international investment choices including shares, property securities, fixed income and cash strategies, as well as multi-asset and responsible investments. To complement its in-house expertise, Pental also partners with other leading investment managers.

2. How the Pental Managed Cash Fund works

How the Fund operates

When you invest your money in the Pental Managed Cash Fund, your money is pooled together with other investors' money. We use this pool to buy investments and manage them on behalf of all investors in the Fund. This means that by investing in the Fund you have access to certain investments that you may not otherwise be able to access on your own as well as the knowledge of our skilled investment managers. However, Pental has day-to-day control over the operation of the Fund.

The total value of the assets in the Fund is divided into 'units' and a 'unit price' is generally calculated for each Business Day. The Fund aims to maintain a stable \$1.00 unit price. However, the value of units is not guaranteed. For example, provisions for losses arising from any defaults on securities may cause the unit price to fall below \$1.00 (although the risk of capital loss is low).

When you make an investment in the Fund, we will allocate units to you based on the entry price for the Business Day on which we accept your application and we will keep a record of the number of units you have bought. When you withdraw, we will redeem your units based on the exit price for the Business Day on which we receive your withdrawal request.

At the date of this PDS there is no buy-sell spread for the Fund. The buy-sell spread is built into the unit price and represents your contribution to the costs of buying and selling the underlying assets in the Fund. As there is no buy-sell spread, the entry prices are usually the same as the exit prices for the Fund.

We have also adopted a unit pricing discretion policy setting out the principles that apply when we exercise discretions under the Fund's constitution. You can request a copy of the policy free of charge by calling us or by downloading a copy at www.pentalgroup.com/UnitPriceDiscretionPolicy.

Minimum initial investment

The minimum initial investment is \$100,000. In certain circumstances, we may reject an application or accept only part of an application. Refer to Section 8 on how to apply.

Additional investments

You can add to your investment by completing the additional investment form and sending this form to us via mail, email or fax. Investors also have the ability to transact online and use BPAY®. For more information, please refer to www.pentalgroup.com/forms.

®Registered to BPAY Pty Ltd ABN 69 079 137 518.

How to withdraw

You can withdraw some or all of your investment by completing the withdrawal form and sending this form to us via mail, email or fax. Investors also have the ability to transact online. For more information, please refer to www.pentalgroup.com/forms.

Withdrawals will generally be paid to your nominated Bank Account within 5 Business Days.

Restrictions on withdrawals

There may be circumstances where your ability to withdraw from the Fund is restricted and you may have to wait a period of time before you can redeem your investment.

We may delay or suspend a withdrawal request where we are unable to realise sufficient assets due to circumstances outside our control (such as restricted or suspended trading in the market for an asset) or where the Fund becomes illiquid.

If the Fund is illiquid (as defined in the Corporations Act) withdrawals from the Fund will only be possible if we make a withdrawal offer in accordance with the Corporations Act. Under the Corporations Act, a fund is illiquid if it has less than 80% liquid assets (generally cash and marketable securities).

You should read the important information about 'Restrictions on withdrawals' before making a decision. Go to section 1 of the 'Additional Information to the Product Disclosure Statement' at www.pentalgroup.com/PentalManagedCashFund-PDS. The material relating to 'Restrictions on withdrawals' may change between the time when you read this Statement and the day when you sign the application form.

Processing

If we receive an application or withdrawal request by 2.00pm (Sydney time) on a Business Day, we will process the transaction using that day's unit price. Requests received on or after the cut-off time of 2.00pm (Sydney time) on a Business Day, or on a non Business Day, will generally be treated as having been received before the cut-off time on the next Business Day.

If we receive an invalid or incomplete application or withdrawal request, the transaction request will be processed using the unit price applying on the day that we receive the correct documentation. The above rules about cut-off times apply.

Distributions

The Fund generally distributes on a monthly basis. Distributions you receive are generally assessable income. Income earned by the Fund accrues and is calculated daily based on the Fund's net income divided by the number of units on issue.

You can choose to have your distributions automatically reinvested into additional units in the Fund or paid directly into your nominated Bank Account. Reinvestment of distributions will normally be effective the first day following the end of the distribution period. Distribution payments to your nominated Bank Account are generally made within 12 Business Days after the end of the distribution period.

Indirect investors

We authorise the use of this PDS as disclosure to persons who wish to access the Fund indirectly through an Investor Directed Portfolio Service (IDPS), IDPS-like scheme or a nominee or custody service (collectively referred to as master trusts or wrap accounts).

Persons who invest in the Fund through a master trust or wrap account may be subject to different conditions from those referred to in this PDS particularly with regard to cut-off times for transacting, timing of distributions, processing and withdrawals as well as Fund reporting and investor notices.

You should read the important information about 'Indirect investors' before making a decision. Go to section 2 of the 'Additional Information to the Product Disclosure Statement' at www.pendalgroup.com/PendalManagedCashFund-PDS. The material relating to 'Indirect investors' may change between the time when you read this Statement and the day when you sign the application form.

3. Benefits of investing in the Pental Managed Cash Fund

Significant features

The Pental Managed Cash Fund is an actively managed portfolio of Australian cash and short term fixed interest securities.

Significant benefits

Investing in the Fund offers investors a range of benefits:

- access to a professionally managed portfolio of Australian cash and short term fixed interest securities which aims to maintain a stable \$1.00 unit price while providing regular income from the short term money market
- access to Pental's investment expertise
- exposure to investment grade securities¹ with high liquidity and same day access to funds.

4. Risks of managed investment schemes

All investments carry risk. The likely investment return and the risk of losing money is different for each managed investment scheme as different strategies carry different levels of risk depending on the underlying mix of assets that make up each fund. Those assets with potentially the highest long term return (such as shares) may also have the highest risk of losing money in the shorter term.

The significant risks for the Fund are:

- **Market risk:** The risk that the market price of an asset will fluctuate as a result of factors such as economic conditions, government regulations, market sentiment, local and international political events and environmental and technological issues. Market risk may have different impacts on each type of asset, investment style and investor.
- **Security specific risk:** The risk associated with an individual asset. The value of fixed interest securities can be affected by specific events such as changes in the perceived or actual creditworthiness of a particular issuer.
- **Interest rate risk:** The risk that the investment value or future returns of an asset may be adversely impacted by changes in interest rates. Interest rates may directly or indirectly affect a company's cost of borrowings as well as the value of fixed interest securities.
- **Credit risk:** The risk of an issuing entity defaulting on its obligation to pay interest and principal when due. It arises primarily from investments in fixed interest securities and from certain derivatives.

Risk can be managed but it cannot be completely eliminated. It is important to understand that:

- investment returns will vary and future returns may be different from past returns
- returns are not guaranteed and there is always the chance that you may lose money on any investment you make
- laws affecting your investment in a managed investment scheme may change over time.

The appropriate level of risk for you will depend on your age, investment time frame, where other parts of your wealth are invested and how comfortable you are with the possibility of losing some of your money in some years.

¹ Investment grade securities refer to securities that are expected to have a high probability of payment of interest and repayment of principal.

5. How we invest your money

You should consider the likely investment return, risk and your investment time frame when choosing to invest into the Fund.

Pental Managed Cash Fund	
Investment return objective	The Fund aims to provide a return (before fees, costs and taxes) that exceeds the Bloomberg AusBond Bank Bill Index.

Description of Fund	<p>This Fund is designed for investors who want capital stability, regular income from the short term money market and same day access to funds. The Fund predominantly invests in short term securities issued by Prime Banks³ or short term securities that we consider to have similar credit characteristics. The Fund also invests in a combination of bank-backed, corporate and government short term money market and floating rate securities and annuities. The Fund aims to maintain capital stability through limited exposure to interest rate movements and prudent credit management.</p> <p>Pental's investment process for Australian cash and short term fixed interest securities aims to add value through multiple strategies, including active security and sector selection, yield curve positioning and investment research. Pental focuses on weighted average maturity management and asset allocation between bank bills, corporate and asset backed securities. Our investment research focuses on macroeconomic analysis, sector and security valuation and portfolio construction.</p> <p>Derivatives may be used to reduce risk and can act as a hedge against adverse movements in a particular market and/or in the underlying assets. Derivatives can also be used to gain exposure to assets and markets.</p>

Fund performance	For up-to-date information on the performance of the Fund, including performance history, please visit www.pentalgroup.com , click on 'Products' and select the Fund.
Labour, environmental, social and ethical considerations	<p>Pental incorporates an assessment of environmental, social (including labour standards), corporate governance (ESG) and ethical factors in our investment process where those considerations are deemed material to the financial performance of an investment.</p> <p>We do not have a predetermined view on ESG factors. Instead we consider these factors to the extent they are relevant to the economic or financial performance of the investment. Our investment analysis may include ESG factors such as board composition and skills, workplace health and safety, diversity and inclusion, stakeholder relations, exposure to environmental factors, regulatory risk, ethical conduct and culture.</p>
Changes to Fund details	We have the right to close or terminate the Fund and change the Fund's investment return objective (including benchmark), asset classes and asset allocation ranges and currency strategy (if any), without prior notice in some cases. We will inform investors of any material change to the Fund's details in their next regular communication or as otherwise required by law.

² The reference to the Fund investing in an asset class includes all types of investments which give exposure to that asset, directly or indirectly, including through derivatives and investment in other funds which invest primarily in that asset class. This includes any type of investment which would ordinarily be understood in financial markets to be included in that asset class and does not preclude investment in other types of assets where we consider it appropriate to do so in the interests of investors.

³ Prime Banks are Australian Prudential Regulated Authority (APRA) Authorised Deposit Taking Institutions that meet the Australian Stock Exchange's (ASX) strict eligibility

criteria and have been elected through an annual market survey process. The ASX recognises securities issued by Prime Banks to be of the highest quality in regards to liquidity, credit and consistency of relative yield. *Source: ASX Prime Bank Conventions, February 2020.*

⁴ The risk level is not a complete assessment of all forms of investment risks, for instance it does not detail what the size of a negative return could be or the potential for a positive return to be less than the return an investor may require to meet their objectives. For more information on the risk level, refer to section 3 in the 'Additional Information to the Product Disclosure Statement'.

6. Fees and costs

DID YOU KNOW?

Small differences in both investment performance and fees and costs can have a substantial impact on your long-term returns. For example, total annual fees and costs of 2% of your account balance rather than 1% could reduce your final return by up to 20% over a 30-year period (for example, reduce it from \$100,000 to \$80,000). You should consider whether features such as superior investment performance or the provision of better member services justify higher fees and costs. You may be able to negotiate to pay lower contribution fees and management costs where applicable. Ask the Fund or your financial adviser.

TO FIND OUT MORE

If you would like to find out more or see the impact of the fees based on your own circumstances, the **Australian Securities and Investments Commission (ASIC)** website (www.moneysmart.gov.au) has a managed funds fee calculator to help you check out different fee options.

This section shows fees and other costs that you may be charged for the Fund. The fees and costs may be deducted from your money, from the returns on your investment or from the assets of the Fund as a whole. Taxes are set out in another part of this document.

You should read all of the information about fees and costs because it is important to understand their impact on your investment. You can also use this information to compare the fees and costs of the Fund with those of other funds.

Pandal Managed Cash Fund		
Type of Fee or Costs ⁵	Amount	How and when paid
Ongoing annual fees and costs

Contribution fee The fee on each amount contributed to your investment	Nil	Not applicable
Buy-sell spread An amount deducted from your investment representing costs incurred in transactions by the Fund	Nil	These are the amounts recovered by the Fund when you transact. Buy-sell spreads are included in the application and withdrawal prices and effectively increase the amount you pay when you buy units and reduce the amount you receive when you sell units.
Withdrawal fee The fee on each amount you take out of your investment	Nil	Not applicable
Exit fee The fee to close your investment	Nil	Not applicable
Switching fee The fee for changing investment options	Nil	Not applicable

⁵ Fees in this PDS can be individually negotiated if you are a wholesale client under the Corporations Act.

⁶ Based on information available to us as at the date of this PDS, the Fund did not incur any indirect costs in the past financial year although the Fund may incur these costs in the future.

⁷ We currently pay recoverable expenses (if any, excluding any GST payable on our fees) out of our management fee

and do not separately recover expenses from the Fund. However, if we decide to deduct these expenses from the Fund in addition to the management fee in the future, we will give you 30 days' written notice.

⁸ Transaction costs are estimated for the past financial year and shown net of any amounts recovered by the Fund from the buy-sell spread incurred by transacting investors.

Fees and costs of the Fund set out above can change. In particular, subject to the Fund's constitution, we can change the fees noted above without the consent of the Fund's investors. If we do change the fees, or our approach to expense recoveries, we will give you 30 days' written notice. For more information on fees and costs refer to section 4 in the 'Additional information to the Product Disclosure Statement'.

Warning

In addition to the fees set out above, fees may be payable to your financial adviser. Any such fees would be payable by you in addition to those set out above, and set out in the Statement of Advice your financial adviser provides.

Example of annual fees and costs for the Fund

This table gives an example of how the ongoing annual fees and costs for the Fund can affect your investment over a one-year period. You should use this table to compare this product with other products offered by managed investment schemes.

Example – Pental Managed Cash Fund		Balance of \$100,000 with a contribution of \$5,000 during year ⁹
Contribution fees	Nil	For every additional \$5,000 you put in, you will be charged \$0
PLUS Management fees and costs	0.22% p.a.	For every \$100,000 you have in the Fund you will be charged or have deducted from your investment \$220 each year
PLUS Performance fees	Nil	And , you will be charged or have deducted from your investment \$0 in performance fees each year
PLUS Transaction costs	0.00% p.a.	And , you will be charged or have deducted from your investment \$0 in transaction costs
EQUALS Cost of Fund		If you had an investment of \$100,000 at the beginning of the year and you put in an additional \$5,000 during that year, you would be charged fees and costs of \$220 ¹⁰

What it costs you will depend on the fees you negotiate

Additional explanation of fees and costs

Buy-sell spread

The buy-sell spread is an additional cost to you and is generally incurred whenever you transact in the Fund. The buy-sell spread is retained by the Fund (it is not a fee paid to us) and represents a contribution to the transaction costs incurred by the Fund such as brokerage, stamp duty and other costs of execution, when the Fund is purchasing and selling assets. There is no buy-sell spread on distributions that are reinvested.

At the date of this PDS there is no buy-sell spread for the Fund.

In the future, if the Fund incurs transaction costs in the buying and selling of assets, we may introduce a buy-sell spread to ensure these costs are fairly borne by investors joining and leaving the Fund. If a buy-sell spread is introduced, prior notice will not ordinarily be provided but we will advise investors in their next regular communication following the change.

 You should read the important information about 'Additional information about fees and costs' before making a decision. Go to section 4 of the 'Additional Information to the Product Disclosure Statement' at www.pentalgroup.com/PentalManagedCashFund-PDS. The material relating to 'Additional information about fees and costs' may change between the time when you read this Statement and the day when you sign the application form.

7. How managed investment schemes are taxed

Investing in a managed investment scheme is likely to have tax consequences. Managed investment schemes generally do not pay the tax liability on behalf of investors. However, we may be required to withhold tax from each distribution at the relevant withholding tax rates under certain circumstances. As an investor, you will generally be subject to tax on your share of any taxable income and net realised capital gains generated by the Fund.

Because the Australian taxation system is complex and different investors have different circumstances, you should seek professional tax advice before investing in the Fund.

 You should read the important information about 'How managed investment schemes are taxed' before making a decision. Go to section 5 of the 'Additional Information to the Product Disclosure Statement' at www.pentalgroup.com/PentalManagedCashFund-PDS. The material relating to 'How managed investment schemes are taxed' may change between the time when you read this Statement and the day when you sign the application form.

⁹ This example assumes the \$5,000 contribution occurs at the end of the first year, therefore management costs are calculated using the \$100,000 balance only.

¹⁰ Please note that this example does not capture all the fees and costs that may apply to your investment, such as the buy-sell spread.

8. How to apply

1. Read this PDS together with the 'Additional Information to the Product Disclosure Statement' available at www.pendalgroup.com/PendalManagedCashFund-PDS.
2. Direct investors should complete the Application and relevant Form(s) by clicking on 'Apply' at www.pendalgroup.com/products. A copy of the forms can also be requested by calling us. Payment details and methods are included in the Application Form. The offer made in this PDS is only available to persons receiving this PDS (electronically or otherwise) within Australia. Applications from outside Australia will not be accepted.
3. If you are a retail investor (as defined in the Corporations Act) investing directly in the Fund, you have a 14 day cooling-off period to confirm that the investment meets your needs. If you exercise your cooling-off rights, we will return your money to you and no fees will apply. However, the amount you receive will reflect any movement (either up or down) in the unit price of the Fund which means that there may be tax implications for you. The 14 day cooling-off period commences on the earlier of the end of the fifth Business Day after we issue the units to you or from the date you receive confirmation of your transaction.
4. If you have any concerns or complaints, as a first step please contact us and we will do our best to resolve your concern quickly and fairly. Our contact details are on the front cover of this PDS. If you believe that your matter has not been dealt with satisfactorily, you can lodge a complaint with the Australian Financial Complaints Authority, or AFCA.

9. Other information

Target market determination for the Fund

A target market determination (TMD) describes the class of investors for whom the Fund is likely to be suitable for based on their investment objectives, financial situation and needs. For more information on whether the Fund may be suitable for your investment needs, please refer to the Fund's TMD at www.pendalgroup.com/ddo.

Additional disclosure information

The Fund is subject to regular reporting and continuous disclosure obligations. For continuous disclosure notices regarding the Fund please visit www.pendalgroup.com, click on 'Products', select the Fund and expand the 'Important Updates' section. Copies of documents lodged with ASIC may be obtained from, or inspected at, an ASIC office. You can also call us to obtain copies of the following documents, free of charge:

- the Fund's Annual Report most recently lodged with ASIC
- any half-year report lodged with ASIC after the lodgement of the Annual Report and before the date of this PDS
- any continuous disclosure notices given by the Fund after lodgement of the Annual Report and before the date of this PDS.

Related party transactions and conflicts of interests

The Fund may, without limit, invest in other funds of which we, or a related entity, are trustee, responsible entity or manager (**related funds**).

We may appoint any of our related entities to provide services or perform functions in relation to the Fund, including acting as our delegate. We may also enter into financial or other transactions with related entities in relation to the assets of the Fund and may sell assets or purchase assets from, a related entity. A related entity is entitled to earn fees, commissions or other benefits in relation to any such appointment or transaction and to retain them for its own account. Such arrangements will be based on arm's length commercial terms.

In the course of managing the Fund, we may face conflicts in respect of our duties in relation to the Fund, related funds and our own interests. We have policies and procedures in place to manage these appropriately. We will resolve such conflict fairly and reasonably and in accordance with the law, ASIC policy and our policies.

You should read the important information about 'Terms used in this PDS' before making a decision. Go to section 6 of the 'Additional Information to the Product Disclosure Statement' at www.pendalgroup.com/PendalManagedCashFund-PDS. The material relating to 'Terms used in this PDS' may change between the time when you read this Statement and the day when you sign the application form.
